

Comments from Caryllou S. Evans, 1662 Glasgow, Wichita, KS 67206-1132

As a member of the Development Board of the Wichita Radio Reading Service (WRRS) which is a subcarrier of the public radio station at Wichita State University (KMUW) I believe that it is important that the FCC approve multiplexing so that our print impaired listeners in the area may continue to receive the best service possible. I ask the FCC to approve this. Thank you.

Sincerely,

Caryllou S. Evans
